the forgotten supportters?

Is Scouts Canada forgetting all about their main supporters in all these changes? They keep saying that we mut do this and we must do that. They are paying loads of money into these advertising champaignes but will thy work or just drive registration prices. Or how about the aproximate 300,000 dollars in saleries that area is paying. Scouts Canada is going to kill them selves off and I know of many leaders that sit and bcker at group meetings but will they stand up to Council? We ned to go and fight for our youth get the parents involved and share with them all restructuring that has taken affect. I asked Scous Canada about returning Leadership recruitment and screening to the Parens but have never recieved a reply. It feels like they wil not listen but why should they they get paid and we deal with the parents. Why should my parents pay for the high costs of advertising, theese salery positions, building rentals, an other things that no Volunteer organization shouldbe spendin on? I need answers to my questions but am not getting any. Another thing is the stricter Leader screening process I know of a group were a leader was accused of silencing acts of sexual nature hisroups sponsor demanded his resignation and so did the parents of his Company however because of his Clean record and years of service he was allowed to return to service how ever a friendof mine applied to volunteer but was turned down because he was involved in a figt when he was 18 ten years ago. I want somebody t explain to me why this is hapeningwhen Scouts Canada is trying so hard to protect them selves from being sued. It is high time thatleaders, sponsors, parents etc stop being wimps and demand nationals attention. I know that we all have different opinions on these changes i was all for them until i seen the behind the scenes stuff and know it compltl discusses me. I would go on some more but will stop now but please get in touch with me if you would like to talk more or even have friendly debate.
